***Dear members and friends of Emmanuel Lutheran,***

***Your Church Council has kept a very close and watchful eye on the financial standing of our congregation over the last few months. We have noted with concern that our balance has remained negative by several thousand dollars for quite some time now. While the information can be found in our newsletters, we want to make sure that you are kept abreast of developments...therefore this announcement.***

***Our offerings have not been as limited as one would think based on the negative variance and we have been faithful in making sure that many of our building needs have been taken care of. Thank you for all the special offerings you may have contributed to those matters! As far as our Current Fund is concerned, we have encountered a number of expenses we could not realistically foresee when we set the budget. From our LP bills to administrative concerns, we have had to face some unexpected bills and even the infusion of a limited amount from our Savings account has not yet brought the hoped-for result.***

***On the other hand, wages are at or under projection and in several cases, we have been under-budget in our Committee work. Still, the fact of our expenses not meeting our resources remains troublesome. We are therefore in the midst of brain-storming how we can increase revenue both in the short-term and for long-range planning. Please keep your eyes open for some suggestions we might present to you in the near future.***

***Your feedback is always welcome and we encourage all of us to prayerfully consider how we as individuals and households can help elevate this time of fiscal strain. Thank you for all you do. Please be assured that we endeavor to be as faithful as possible with your shared gifts.***
